Special Enrollment Period for Group Health Coverage
If you decline health coverage (medical, dental, vision and/or Health Care FSA) for yourself or your dependents because you/your dependents have other coverage and you/your dependents later lose that other coverage (or if the employer stops contributing toward your or your dependent’s other coverage), you may qualify for special enrollment in health coverage under the Plan.

Your loss of other health coverage qualifies for special enrollment treatment only if both of the following apply:

- You/your dependents were covered under another group health care plan or health insurance coverage at the time you were offered coverage under the Donnelley Financial Solutions Plan; and
- You/your dependents lost the other coverage because you/they exhausted your/their right to COBRA continuation coverage, you/they were no longer eligible under that plan or an employer’s contributions for coverage terminated.

You must enroll within 30 days after your/your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

You may also be able to enroll if you/your dependents lose eligibility for coverage under Medicaid or a state Children’s Health Insurance Plan (CHIP) and enroll within 60 days of losing Medicaid or CHIP. Also, you may be able to enroll if you/your dependents become eligible for premium assistance from Medicaid or CHIP toward the cost of the group health plan, and enroll within 60 days of eligibility for state premium assistance.

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents for coverage under the Plan. You must enroll within 30 days after such event (or 60 days following the birth of a child). To request special enrollment or if you have questions regarding special enrollment rights, please contact the Benefits Center at 1-844-44-DFSCO (1-844-443-3726).

Newborns’ and Mothers’ Health Protect Act

The Plan does not restrict benefits for any hospital stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean section. Your provider is not required to obtain Plan approval for prescribing a length of stay within those time frames. However, you, your doctor or your newborn’s attending physician may agree to a shorter length of stay. The physician will need to obtain approval in advance from the Plan for any stay beyond 48 or 96 hours to avoid any reduction in benefits.

Women’s Health and Cancer Rights Act

Important information about benefits that may be available to women who have had or are going to have a mastectomy:

- Prosthesis; and
- Treatment of physical complications of the mastectomy, including lymphedema.

Such coverage is subject to all Plan provisions, limitations and requirements, including any annual deductible and coinsurance limitations, outlined in your Summary Plan Description (SPD) and any related Summaries of Material Modifications (SMMs).
